SUMMARY

Computer science graduate with a focus in cybersecurity, building a long-term career in IT and technology. Strong foundation in hardware, diagnostic testing, and technical support, with a genuine interest in problem-solving and learning new systems. Comfortable working with technical tools, documenting issues, and supporting users, with bilingual communication skills in English and Arabic.

EDUCATION

Middle Tennessee State University   Murfreesboro, TN
Bachelor's Degree in Computer Science – Cybersecurity   *Jan 2024 – Dec 2025 — Completed*

Motlow State Community College   Smyrna, TN
Associate Degree in Computer Science   *Aug 2021 – Dec 2023 — Completed*

Riverdale High School   Murfreesboro, TN
High-School Diploma   *Aug 2017 – May 2021 — Completed*

WORK EXPERIENCE

Walmart   Murfreesboro, TN
Sales Associate   *Jul 2021 – Sep 2025*
- Delivered customer service to 100+ customers daily, resolving inquiries and providing technical product recommendations for electronics and computing devices.
- Managed inventory systems and maintained accurate stock records in a high-volume retail environment.
- Demonstrated strong communication and problem-solving skills in a fast-paced team setting.

PROJECTS

OSINT Toolkit - Public Data Removal | *Python, JavaScript, HTML/CSS*   Jun 2025 – Present
- Developing a privacy-focused OSINT assistant that aggregates personal data from public-record sources.
- Building an AI-powered chatbot to guide users through opt-out processes across data broker sites.
- Implementing automated workflows to streamline personal data removal requests and suppress online exposure.

SOC Dashboard | *JavaScript, Node.js, MySQL, HTML/CSS*   Aug 2025 – Dec 2025
- Designed and developed the frontend interface for a Security Operations Center dashboard featuring an interactive world map.
- Integrated RESTful APIs to connect the Node.js backend with the MySQL database for dynamic data retrieval.
- Collaborated with a 4-person team to design the database schema tracking cyber incidents.
