EDUCATION

Middle Tennessee State University

Bachelor's Degree in Computer Science - Cybersecurity

Murfreesboro, TN

Jan 2024 - Dec 2025 — Completed

Motlow State Community College

Associate Degree in Computer Science

Smyrna, TN

Aug 2021 - Dec 2023 — Completed

WORK EXPERIENCE

FedEx Supply Chain

Computer Technician III

Lebanon, TN

Jun 2026 - Present

- Diagnose, troubleshoot, and repair tablets, notebooks, desktops, and servers through Burn testing, power-on validation, and EMR routing workflows.
- Perform system tear-downs, component replacements, BIOS password resets, cosmetic repairs, and repair documentation in production systems.
- Determine cost-effective repair paths while following SOP/JSA, OSHA, 5S, RF equipment, and inventory disposition procedures.

Antage

Software Engineering Capstone

Murfreesboro, TN

Jan 2025 - May 2025

- Designed and developed the complete frontend interface from scratch for a .NET-based test tracking and TDD solution, collaborating with a 6-person development team.
- Implemented RESTful API integration and data persistence layer using MySQL and Entity Framework.
- Applied software engineering best practices including integration testing, code reviews, and agile methodologies.

PROJECTS

Online Privacy Tool eXtractor | JavaScript, HTML/CSS

Jun 2025 - Present

- Built a privacy-focused OSINT assistant for reviewing digital footprints, exploring public records, and opening lookup and opt-out resources.
- Organized an expandable directory of public-record and data broker websites, with additional sources constantly being added.
- Added site availability checks, search validation, Free Scan resources, and removal guidance to help users reduce exposed personal information online.

SOC Dashboard | JavaScript, Node.js, MySQL, HTML/CSS

Aug 2025 - Dec 2025

- Designed and developed the frontend interface for a Security Operations Center dashboard featuring an interactive world map.
- Integrated RESTful APIs to connect the Node.js backend with the MySQL database for dynamic data retrieval.
- Collaborated with a 4-person team to design the database schema tracking cyber incidents.

TECHNICAL SKILLS

IT Support & Troubleshooting: Windows 10/11, macOS, Technical Support, Hardware/Software Troubleshooting, Active Directory, Office 365, Ticketing Systems

Hardware & Networking: Desktop/Notebook/Tablet/Server Diagnostics, Component Replacement, Burn Testing, BIOS Password Reset, Power-On Testing, RF Equipment

Programming Languages: Python, JavaScript, C/C++, SQL (MySQL), Bash, HTML/CSS

Tools & Platforms: Git, VS Code, Linux (CLI), Terminal, CMD, Microsoft Excel, Microsoft Word

Other Skills: OSINT techniques, API development, software testing, repair documentation, SOP/JSA compliance

Soft Skills: Communication, teamwork, problem solving, adaptability, de-escalation

CERTIFICATES AND ACHIEVEMENTS

Certifications & Honors: OSHA Certified, President's List, Dean's List

LANGUAGES

Fluent in English and Arabic
