EDUCATION

Middle Tennessee State University

Bachelor's Degree in Computer Science - Cybersecurity

Murfreesboro, TN

Jan 2024 - Dec 2025

Motlow State Community College

Associate Degree in Computer Science

Smyrna, TN

Aug 2021 - Dec 2023

WORK EXPERIENCE

FedEx Supply Chain

Computer Technician III

Lebanon, TN

Jun 2026 - Present

- Diagnose, troubleshoot, and repair tablets, notebooks, desktops, and servers through hardware testing and power-on validation.
- Perform system tear-downs, component replacements, BIOS password resets, cosmetic repairs, and repair documentation in production systems.
- Evaluate failed systems, choose cost-effective repair steps, and escalate complex hardware or software issues.

Walmart

Sales Associate

Murfreesboro, TN

Jul 2021 - Sep 2025

- Supported customers in a fast-paced retail environment by answering questions, resolving issues, and maintaining professional service.
- Trained new team members on inventory tools, store procedures, and customer service standards.
- Resolved department equipment and technical issues, escalating unresolved problems to team leads when needed.

PROJECTS

Online Privacy Tool eXtractor | JavaScript, HTML/CSS

Jun 2025 - Present

- Built a privacy-focused OSINT assistant for reviewing digital footprints and opening lookup and opt-out resources.
- Organized an expanding directory of public-record and data broker websites.
- Added site checks, Free Scan resources, and removal guidance to help reduce exposed personal information online.

SOC Dashboard | JavaScript, Node.js, MySQL, HTML/CSS

Aug 2025 - Dec 2025

- Designed and developed the frontend interface for a Security Operations Center dashboard featuring an interactive world map.
- Integrated RESTful APIs to connect the Node.js backend with the MySQL database for dynamic data retrieval.
- Collaborated with a 4-person team to design the database schema tracking cyber incidents.
